- **Upload Contribution File** – option allows Employee Hours & Wages data to be uploaded directly into the system from a data file in CSV or TXT format. These files can normally be extracted from the Company's payroll system, this is very helpful when there are a large number of employees for whom fringe contributions are being reported.
- Select the Work Start and Work End dates. If you are a monthly contractor, please use the first day and the last day of the month. If you are a weekly contractor, please use the Payroll Start and Ending dates.
- Select the proper CBA, this will pull in the appropriate fringe rates
- Use the Browse Button to find the CSV or TXT file that you want to use

## Upload a Contribution File

Whether you export from your payroll system or you use Excel to create spreadsheets with employee information, you need to save your file as a .CSV or .TXT file. Simply select “File,” “Save AS,” and choose .CSV or .TXT from the ‘Save as Type’ drop down list.

Below is the format that files need to be in to work with the upload process, the columns must be this exact order or you will get an error and not be able to upload the information. The Heading line (row 1; SSN, Workclass, First, etc.) cannot be in the file you try to upload, it would cause errors when uploading, the 1<sup>st</sup> row should contain 1<sup>st</sup> Employees info.

SSN	Last Name	Last Name	Middle Name	Hourly Rate	Straight Hours	Overtime	Double Time	Gross Earning	401 k
123456789	Test	Data	M	9.65	40	10	2	50	2

- If data is incorrect you will get an error and the file will not be uploaded, you need to correct the file and make sure it is in the format mentioned on the prior page, and then try Uploading the file again.
- Once the .CSV or .TXT file has been successfully uploaded, you can proceed. The rest of the process is exactly like entering a New Contribution Form (refer to instructions above).
